Devices on Google Play moved to the new Google Store! Devices you add to your cart must have the same Preferred Care plan. Browse a comprehensive list of Google products designed to help you work and play, stay organized, get answers, keep in touch, grow your business, and more.. We can't ship this. Add or remove Preferred Care for this device to match what's already in your cart, or buy this device in a separate order.. One reason behind that can also be that OSX is a direct derivative of Unix And if I am not wrong, default systems at Google are Macs, and employees have to make special request in case they want to use Linux or Windows.
