If you are looking for Grim Nights PC official CD key, use our keyfinder to scan the many key stores that stock Grim Nights PC CD key and download from the one of them. Grim Nights PC is a third-person survival horror game by Spiderweb Software, developed for Microsoft Windows. It was released on January 9, 2015, and released on Steam on July 16, 2015. The game won the award for "Best Indie Game" at the 2015 G-phoria Awards. Grim Nights PC Game also received nominations for "Best Indie Game" at the 2016 G-phoria Awards and the 2017 G-phoria Awards. Grim Nights PC's predecessor, Behold the Archers, was released as freeware in 2011, under the creative commons license. Plot Grim Nights PC is set in the remote

Appalachian Mountains of North Carolina, a place that has been ravaged by a series of mysterious disappearances. It follows the story of Molly Bowen, a young woman who works as a helicopter pilot in a survivalist camp in the mountains. During a routine visit to the lodge, she is called back to the camp when it is discovered that a teenage boy has gone missing and is suspected to be the only survivor of a deadly massacre. The camp is completely cut off from the outside world, and it soon becomes apparent that something sinister is taking place. Molly returns to the area to investigate and finds a dead camp ranger, a man named Gary, and an abandoned helicopter. She eventually finds a teenage boy, named Alaric, who is suffering from malnutrition and refuses to speak. He escapes to the woods and is pursued by a mysterious creature. After a number of strange occurrences, Molly finds the truth behind the massacre: Alaric is a werewolf who has become the monster responsible for it. After acquiring his services as a guide and translator, Molly is determined to bring Alaric back to the camp and bring him to justice, while also trying to get him to trust her so he will share the full truth behind the massacre. Gameplay Grim Nights PC is a third-person survival horror game, similar to its predecessor, Behold the Archers, and uses full 3D graphics with motion captured animation. Like Behold the Archers, players have limited time to explore and interact with the environment. The game is set in a randomly generated wilderness environment with multiple endings depending on the player's choices. Unlike its predecessor, Grim Nights PC has a
